KEY TO DIRECTORY

The Directory is arranged alphabetically by states and by colleges in each state. The places wherein the colleges are located are indicated in parentheses after each college. The names of the students are also alphabetically arranged by college. The index at the end of the Directory will take the place of the alphabetical list of all Japanese students.

Each name, if complete, should contain the following information: Family name and given name; class and major course in parenthesis; college address; birth place in parenthesis.

The Directory contains the names of students who were born in Hawaii and on the mainland of America, and other countries, although they are citizens of the United States of America. This is done for the sake of convenience; it has no political significance whatever.

NIPPON-GREGG SOKKI

by

Burdick and Okamura

Published in October, 1937, this Japanese adaptation of Gregg Shorthand makes it possible for the first time to learn to write Japanese with the same ease that marks the writing of English by the Gregg system. The price of \$1.00 per copy puts this new shorthand textbook within the reach of every student. Study NIPPON-GREGG SOKKI for personal use and for stenographic use.

Japanese students in American colleges are invited to write for our complete list of books dealing with Gregg Shorthand and various other commercial or business subjects.

Students who live in New York, Chicago, San Francisco or Boston are invited to call at our offices, where copies of all books may be examined without charge.
